The Giants Causeway is in County antrim. A causeway is a path that crosses low or wet ground. Every year, millions of people from all over the world visit the causeway to see the hexagonal columns and interesting rock formations. The causeway got its name from a story based on Irish mythology, featuring the legendary giant Fionn MacCumhail. Scientists believe that the rock columns were made by volcanic activity around 50-60 million years ago. They think there was once a lava 'flow' in the area and that the lava cooled and cracked to make the basalt pillars.
