Harvard Business School Core Collection Baker Library,1999 Process Measurement in Business Process Management
Joachim Melcher,2012 Process measurement deals with the quantification of business process models using process model
metrics This book presents a theoretical framework for the prediction of external process model attributes as for example
error proneness and understandability based on internal structural attributes The properties of proposed metrics are
analyzed A visualization technique for metric values is introduced and metrics for process model understandability and
granularity are evaluated **Mathematical Statistics for Economics and Business** Ron C. Mittelhammer,1999-05-27 A
comprehensive introduction to the principles underlying statistical analyses in the fields of economics business and
econometrics The selection of topics is specifically designed to provide students with a substantial conceptual foundation
from which to achieve a thorough and mature understanding of statistical applications within the fields After introducing the
concepts of probability random variables and probability density functions the author develops the key concepts of
mathematical statistics notably expectation sampling asymptotics and the main families of distributions The latter half of the
book is then devoted to the theories of estimation and hypothesis testing with associated examples and problems that
indicate their wide applicability in economics and business Includes hundreds of exercises and problems **Directory of**
