

LYLE'S LAWS

*Reflections on
Ethics, Engineering,
and Everything Else*

Lyle D. Feisel

Lyles Laws

Isaac Maurice Wormser

Lyles Laws:

Lyle's Laws Lyle D. Feisel, 2013 See what is there not what you wish for If you do things for the right reasons you will probably do the right things Who you are is revealed by what you do when you are absolutely certain that no one will ever know you have done it These are just a few of the life principles explored with humor and humanity in the pages of Lyle's Laws Drawn from decades spent in academia and industry each of the 40 concise chapters offers insight into another aspect of life and work The author brings a very personal dimension to his commentary by sharing anecdotes about growing up on a farm parenting three children and traveling the world Without preaching he offers ideas on and acknowledges the challenges of conducting oneself appropriately making good decisions and navigating tough times Educators and students will find Lyle's Laws to be a useful guide for courses on professional ethics and career preparation Less dry and formal than a conventional textbook but with sufficient structure and focus to form a program of study the book will resonate particularly strongly with those in the engineering and design professions and managers in any field The casual reader from any walk of life will find it thought provoking and entertaining and will be likely to pass it on to a friend

Revision of District of Columbia Laws on Rate Regulations in Fire and Casualty Insurance Industries United States. Congress. Senate. Committee on the District of Columbia. Subcommittee on Business and Commerce, 1963

Select Cases and Other Authorities on the Law of Mortgage George Washington Kirchwey, 1902
