*Islam's Quantum Question* Nidhal Guessoum, 2010-10-30 In secular Europe the veracity of modern science is almost always taken for granted Whether they think of the evolutionary proofs of Darwin or of spectacular investigation into the boundaries of physics conducted by CERN's Large Hadron Collider most people assume that scientific enquiry goes to the heart of fundamental truths about the universe Yet elsewhere science is under siege In the USA Christian fundamentalists contest whether evolution should be taught in schools at all And in Muslim countries like Tunisia Egypt Pakistan and Malaysia a mere 15 per cent of those recently surveyed believed Darwin's theory to be true or probably true This thoughtful and passionately argued book contends absolutely to the contrary not only that evolutionary theory does not contradict core Muslim beliefs but that many scholars from Islam's golden age to the present adopted a worldview that accepted evolution as a given Guessoum suggests that the Islamic world just like the Christian needs to take scientific questions quantum questions with the utmost seriousness if it is to recover its true heritage and integrity In its application of a specifically Muslim perspective to important topics like cosmology divine action and evolution the book makes a vital contribution to debate in the disputed field of science and religion

**What Do You Call Him? Unveiling 160 Names of God** Shavonne R. Ruffin, 2021-11-12 Our God is beyond a one name moniker Identifying an unidentifiable God seems to be an improbable challenge as to who can describe a God that goes beyond description Limiting God to a few names does not negate his power but it does limit the power we allow him to have in our lives What Do You Call Him Unveiling 160 Names of God will unleash this power from knowing about him to having a relationship with him Unfortunately we lack knowledge of God not because of an unwillingness to learn but because of the limits that we place on his name Learning more about the names of God allows for a transition from knowing about him to making him known This book aims to give biblical accounts behind the meaning of 160 names of God Jesus Christ and the Holy Spirit to help close the gap on some of the mysteries of God and truly determine what we call him

**Islam, Politics and Youth in Malaysia** Dominik Mueller, 2014-03-05 Providing an ethnographic account of the Islamic Party of Malaysia PAS and its Youth Wing Dewan Pemuda PAS this book analyses the genesis and role of Islamic movements in terms of their engagement in mainstream politics It explores the party's changing approach towards popular culture and critically investigates whether the narrative of a post Islamist turn can be applied to the PAS Youth The book shows that in contrast to the assumption that Islamic marketization and post Islamism are reinforcing each other the PAS Youth has strategically appropriated and integrated Islamic consumerism to pursue a decidedly Islamist or pop Islamist political agenda The media savvy PAS Youth elites which are at the forefront of implementing new outreach strategies for the party categorically oppose tendencies of political moderation among the senior party Instead they are most passionately calling for the establishment of a Syariah based
